AN HONORABLE CITIZEN.

TRAT'S WHAT MR. S. STERN SAYS OF MR. WM. A. GREEN.

A Suit for \$5,000 Withdrawn Because the Defendent Publicly Declares He Was Misinformed of the Facts.

Early in January suit was brought in the Law and Equity Court of Richmond by Mr. William A. Green against Mr. S. ern for \$5,000, for alleged defamation

of character.
In his allegation Mr. Green asserted that he had been accused by Mr. Stern of taking certain articles of clothing from the establishment of Mr. Barney by whom he was employed as

The plaintiff indignantly denic1 the charge, and immediately consulted law-yers with the result as stated above. MR. GREEN TALKS.

A reporter for The Times learned that cvertures had been made looking to a dissolution of the proceedings that had been instituted in the Law and Equity

Court, and last night Mr. Green was seen regarding the matter.
"I have withdrawn the suit," said Mr. "These withdrawn the suit," said Mr. Green. "through the intercession of mutual friends. I simply wanted vindication, and I have received it through written apploigles from Mr. Stern and an agreement on his part to comply with certain stipulations that I made."

"What were I those stipulations?" I asked.

The wednesday Club has decided to sing a part of the oratorio St. Paul at their forthcoming festival. The books were received a few days ago, and the club is now hard at work.

It was erronously stated yesterday

"Well, I may as well tell the whole story," said Mr. Green.
"The trouble started because of certain opposition I made to certain matters in connection with a lodge to which both of us belong, and in which Mr. Stern was interested. He accessed me of stealing clothes from my employer, and the rumor spread among my friends to such an extent that when my wife was mentioned for membership in the Ladles' Aid Society the wife of Mr. Stern openly opposed her admission, because, as she claimed, I was a thief "ALWAYS AN HONEST MAN." claimed, I was a thief "ALWAYS AN HONEST MAN."

"ALWAYS AN HONEST MAN."
"I have always borne a reputable and an honest character, and have always conducted myself propertly, so I sought vindication in the courts, employing as my counsel Mesers Charles V. Meredith and R. L. Montanue. I have worked in my present position for six years, and Mr. Meyers placed implicit confidence in the.

dence in the "When Mr. Stern learned of my intention to sue, he apelogized in writing, but then he began to cast his siurs again. I then determined to sue for vindication, if for nothing else, "Recently friends of both of us got together, with the intention of effecting a compromise, and this evening they waited upon me and I agreed to withdraw the suit, provided he would withdraw all charges

this evening they waited apon and I agreed to withdraw the suit, provided he would withdraw all charges and turn over the sum of \$300, a part of which was to defray all expenses incurred in instituting the suit, the remainder to be equally divided between the Sir Mosos Montefiore congregation and the Ladles' Aid Society.

MR. STERN'S APOLOGY.

"This was agreed to, and Mr. Stern gave me the following:

"I, S. Stern, hereby certify that the charges against William A. Green are not true, as I had been misinformed. He is an honorable citizen.

"S. STERN."

"This, of course, ends the incident, so far as I am concerned." concluded Mr. Green.

It is known that Mr. Stern has been endeavering to make some amicable settlement with Mr. Green.

FOR THE RELIEF OF THE POOR.

The Committee Awards Contracts for Sup-The Committee Awards Contracts for Supplies Upon the Advice of City Attorney.

The Council Committee on Relief of the Poor heid a called meeting at the Almshouse last night, for the purpose of awarding contracts for the furnishing of supplies and provisions to the institution for the next three months. The following members were present: Messrs, Cottrell (chairman), Smith, Walker, Brock, Noble, and Miller.

and Miller.

The chairman stated the object of the

The chairman stated the object of the meeting, and the following opinion from City Attorney C. V. Mered th was then read as to the authority of the committee to award new contracts before the annual appropriation has been made:

"I am of opinion, that as the year has begun, there is no objection to your committee making its contract for the prices at which it will buy when it purchases. Your committee however, has at present no authority to make such purchase under such econtracts. But, as you are forced such scontracts. But, as you are forced to buy such necessaries, or turn loose the inmates of the Almshouse, I must advise that your committee make such purchases as are absolutely necessary, and lask the Council to ratify." The chairman then informed the com-

mittee that as a member of the Finance Committee, he thought he was able to state that the budget would be comp'eted so as to be submitted to the Com-mon Council on next Monday night. The following sub-committee were then appointed to consider the bids and sam-

"EVIDENCES OF CHRISTIANITY."

Dr. Hatcher Will Deliver the Fourth and Last Lecture of the Series To-Night.

Rev. Dr. William E. Hatcher will deliver an address to-night in Richmond College chapel. On "The Experimental Evidences of Christianity." This is the fourth and last of the series of addresses on "The Evidences of Christianity." arranged by the president of the College, for the especial benefit of the students of the College, and they have proved of great interest and spiritual strengthening to many others, and the author of the course rejoices that it has been so, and that under the auspices of the College blessing has followed many of Richmond's people. The previous addresses have been "The Scriptural Evidences," by Rev. F. C. McConnell, of Lynchburg. The Resurrection, the All-sufficient Evidences, by Rev. M. B. Wharton, of Norfolk, and "The Historical Evidences," by Rev. M. D. Hoge, of Richmond.

Dr. Hatcher is known far and wide as a friend of young men, and hardly any one could tell richer Christian experiences, or tell them more pathetically than he. The time is 8:15 o'clock, and were professor Mitchell. Carroll (alumnicalitor), and not by Professor Mitchell, as reported. It includes sketches of different phases of this great and good man's life by Drs. Winston, Tupper, Carroll, Willingham, Hatcher, and Whitsitt, Mr. W. S. McNeill, manager of the base-ball team, returned yesterlay merning from a trip South. The object of this frip was personal husinesse, Mr. McNeil, thinks the men now in College who are applying for positions will insure a first-class team of 'Spiders,' and expressed himself as especially pleased with the work of some of the new men.

Broke His Arm, Rev. Dr. William E. Hatcher will de-

Broke His Arm.

Broke His Arm,
Jefferson Francis, a young white man,
met with a painful accident yesterday.
He was employed in the construction of
a building on Franklin between Thirteenth and Fourteenth streets. While
at work a weight fell and struck him,
breaking his arm between the shoulder
and elbow. Dr. Brock was summoned
and treated the suffering man, doing all
in his power to relieve him, after which
be was removed to his home, corner of
Belvidere and China streets.

Contests at the Baznar.

The bazaar is successfully drawing to a close. A large crowd was in attendance last night, and the auctioneering oft of the articles was lively.

The contest for the lounge for the most popular heapital and the contest for the doilt for the daughter of the most popular physician will close to-morrow night. There will also be a special auction sale to-morrow night, beginning at 8 o'clock. There is dancing every night.

Council Committees.

The following Council committees will meet to-day:
Refrenchment and Reform, 8 P. M.
Water, 7:30 P. M.
Health, 7 P. M.
Second Market, 6 P. M.
Sub-Committee on Streets, Twenty-ninth and P streets, 4 P. M.

issued from the Census Office give some interesting facts in relation to the entrance of the American woman into various branches of trade and moustry, and also throw light upon her advent into the professions. The totals of the occupation tables were published a year or two ago, and from these it was learned that the number of women engaged in the gainful occupations, increased netween 1859 and 1850 hearly 48 per cent, while the number of men engaged increased about 28 per cent. During this period professional women increased as per cent, and its seengaged in manufacturing and mechanical pursuits hearly 65 per cent, while in trade and transportation the increase was 285 per cent, and over, two and a half times as great as in 1850. These were striking figures and naturally awakened curiosity as to what particular professions, trades, and industries women selected as a means or carning a livelihood. This information is cany just at hand in a builetin transmitted at the close of 1856 and recently given the public.

Hrondly speaking, it would appear that

Work on the Thames.

Work on the Thames,

If the plans now under way are carried out as anticipared, the great work of widening and decreasing the Eiver Thames will before long be an accomplished fact, and the commercial importance of that river thereby greatly increased.

It being clear to the authorities, on extended examination and consultation with engineering experts, that a twenty-six foot channel was required for at least minetonths of the shipping, it was decided that the work shadd be prosecuted, to be done solely by dredging.

According to this plan, there will be from Grayford Ness, opposite Harfleet, a channel width of 1000 feet and a minimum depth of twenty-four feet at low water, spring tide, while from Grayford Ness, to the Albert docks the width is to be 100 feet and the depth twenty-two, and from the latter, to the Milwail books there will be a channel at least 200 feet wids and eightaen feet deep.
